Results in events outside Scotland may also be considered provided that they are clearly of standard matching or exceeding a Scottish District event. It is the responsibility of a swimmer seeking selection to provide the committee with the results of that event.

The composition of the team will be selected by the North District Open Water Swimming Committee taking into account all results achieved up to that date and the events on offer at the selected competition.

Some team members may be selected at the conclusion of the West District Championships with others added after the North District Championships. It may also be the case that the event selected for the team to compete is before the North District Championships or sufficiently soon after that the team has to be selected prior to them taking place.
